

# Calcium+™

In a market cluttered with so many options where does one start looking for the optimum supplement for Muscle's, Joint's and bones?

Traditionally products such as Calcium, Chondroitin, Glucosamine, Magnesium and Vitamin C had to be purchased seperatley, until now.

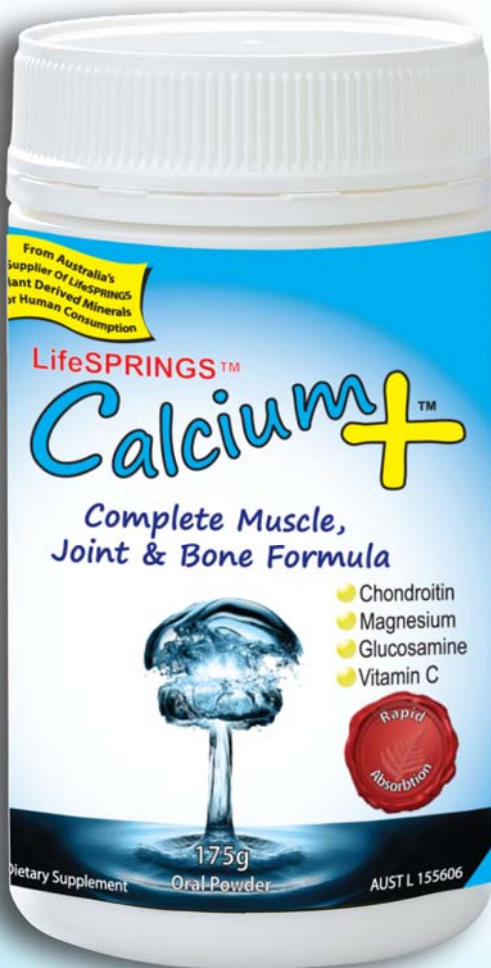

Look no further, you don't have to take handfulls of supplements in order to take care of your muscles, joints and bones. All you need is a scoop of Calcium+

Calcium+ is the a unique calcium supplement that combines the power of

Calcium  
Magnesium  
Chondroitin • Glucosamine  
Vitamin C

Infuzing the market leading Muscle, Joint and Bone supplements into one product was a simple decision. Just as we have made shopping for your Muscles, Joints and Bones a simple decision.

Calcium+ is an oral powder that dissolves in boiling water changing its physical state to a Colloidal form for the most efficient bodily absorbtion

Each gram of Calcium+ Powder contains:	
•Calcium Gluconate	606mg
•Glucosamine Hydrochloride	100mg
•Chondroitin Sulfate-Bovine	30mg
•Magnesium Carbonate - Heavy	105mg
•Ascorbic Acid (Vitamin C)	70mg
